

Tutorial 2: Additional reading

Please read the article below prior to the tutorial.

[Barlow, J et al \(2011\). Overview and Guidance on Agile Development in Large Organizations. *Communications of the Association for Information Systems*. 29 \(2\), p25-44.](#)

You will discuss the following questions during the tutorial:

- What is the main aim of this article?
- What are the core issues identified?
- What are the main conclusions, and how are they substantiated?
